# BOILERS

For information on the new EPA regulations and to access the required forms, visit our website:  
[www.askemap.org/compliance/air/boilers](http://www.askemap.org/compliance/air/boilers).

Call (877) ASK-EMAP to speak with a consultant today to learn more about the requirements, whether they apply to your business, and how to comply. Our assistance is free and confidential.

**Have you  
registered  
your  
boiler?**

# Did You Know...?

...New EPA regulations regulate new and existing boilers of all sizes

...There are some exemptions – for example, all natural gas-fired boilers are exempt

...There are compliance dates for notifying EPA about existing boilers which are coming up soon

...Some small businesses may also be required to have boiler tune-ups and an energy assessment of their boiler

Call (877) ASK-EMAP to speak with a consultant.
