

Free and confidential environmental assistance for your small business

How can EMAP help your business?

Toll-free Environmental Hotline

Call 877-ask-emap for confidential assistance with your environmental questions. The hotline is staffed weekdays, 9am - 5pm, with voice mail at all other times. Foreign language assistance is available.

Consulting Assistance

Receive one-on-one consulting assistance with:

- Environmental regulatory requirements
- Permit applications, forms and plans
- Environmental management strategies
- Energy efficiency and waste minimization
- Finding sources of financing for environmental upgrades
- Health and safety requirements

On-line Materials Exchange

Using Material Trader, businesses can search on-line for alternative uses for materials that have traditionally been discarded and find new inexpensive sources of raw materials.

EMAP staff are also available to provide one-on-one assistance to help solve your waste issues.

How do I ask emap?

There are four ways to request assistance from **EMAP**:

1. Call the toll-free confidential environmental hotline for fast and accurate answers to your questions and to access other services at 877-ask-emap.
2. Visit our website, www.askemap.org to request information, consulting assistance or a site visit to your facility.
3. Send an email to questions@askemap.org.
4. Contact your local SBDC (check www.pasbdc.org for the center nearest you).

Is there any charge for EMAP services?

No, all services are offered at no cost.

Are EMAP services confidential?

Yes, all **EMAP** services are always strictly confidential.
